Presents : Everyone, with and Christian Raymond

Order of business :

1. Remarks about list of tasks
2. What to do with CAF
3. Writing rules
4. Questions report parts

Information :

- The tasks list has been filled, and the workload had been decided. Baptiste will do the final Gantt diagram and prepare another one for the planning oral presentation
- The deadlines have been schedule. Please look at it in the next section
- **Gabriel** (For the environment, replace hope by a better formulation, "We also hope to get some advice from Mr Garcia") - you're the only one.
- **Mikail** (For the introduction, reformulate avoiding going to deep into details)
- **Prateek** (For the Poker method, create a part Agile and a part Poker and reformulate the text, go deeper for the poker)
- **Baptiste** (For the gantt diagram : do the final diagram and push it)
- **Dan** (For the modules : add the CAF part) + reorganizing the plan
- **Benoit** (For the risks : add how to handle the risks)
- For CAF, we will test it first, and then if it doesn't feet, we will choose OpenMP, OpenAcc, and MPI
